FINED \$18.90 FOR EXCEEDING THE SPEED LIMIT
Edward Duley plead guilty to a charge of exceeding the speed limit and was fined \$18.90 which he paid. Duley borrowed Mr. Andrew Carr's automobile Wednesday afternoon and started speeding up Third street in it. Running up Third about thirty miles an hour he attempted to turn the machine up Plum street. It was going too fast to make the turn and crashed into a tree,

damaging the machine considerably. The damage to the machine amounted to about \$100. Duley was not injured.
SENT TO PENITENTIARY FOR ONE YEAR
Earl Brodt, alias Earl Smith, who was arrested here a few weeks ago for the theft of Mrs. Abner Hord automobile was sentenced to one year in the penitentiary yesterday in the Mason Circuit Court.

Maysville Honor Flag will be unfurled at 1:30 tomorrow afternoon.

THE CO-RESPONDENT

Will be shown at the Pastime Tuesday, May 7. A story of a girl lured to disgrace by a ruthless raven and forced to choose between her lovers' fate and her own good name. This is a Jewell picture. Remember "The Price of a Good Time" it was a Jewell.

GERMANS GET SEBASTOPOL
RUSSIAN FORTRESS IN CRIMEA IS CAPTURED WITHOUT A STRUGGLE.

Germans Fail to Renew Attacks on Allied Lines — Artillery Break Out in Violent Bombardments But Infantry is Held in Check Throughout the Entire Day.

Berlin, Via London, May 2—German forces have occupied Sebastopol, the great Russian fortress in the Crimea. According to the official communication from headquarters the town was taken without fighting. The text of the statement reads:

"On the battle fronts the situation is unchanged. The artillery duel increased in the Mont Kemmel sector and it repeatedly revived between the Somme and the Luce brook, near Montdidier, Laigny and Noyon.

"The French artillery was lively during the afternoon hours on the northern front; minor enemy thrusts were repulsed.

"In Ukraine, we have broken the enemy's resistance before Sebastopol and occupied the town Wednesday without fighting."

American Begins in Earnest to Prepare for Place in Fight

New York, May 2—America is stripping for the dire battle on the battle front of Europe. In an executive session of the military committee of the lower house of Congress, Secretary of War Baker, Major General March, chief of staff, and Provost Marshal General Crowder have asked Congress to give the President blanket authority to increase the United States army to whatever size may be necessary to win the war. The country now has nearly 2,000,000 men under arms and the army appropriation bill for this year would provide for an increase of this number to 3,000,000.

While American's plans for throwing her every resource into the battle against Prussianism are maturing, the lull which has brooded over the western battle line continues. The expected German attacks on the Ypres and Amiens front have been launched here and there the opposing artillery have broken forth into wild bombardments, such as usually are preludes to massed attacks on the Allied lines, but have died out after a few hours. Here and there local operations have been carried out for the purpose of straightening lines and raiding the enemy's positions, but they have not developed into anything unusual.

The Germans must attack soon or acknowledge their defeat in their ambitious attempt utterly to crush the Allies armies.

The present phase of the battle is not unlike that before Verdun two years ago, after the first German rush had been stopped and even attempts to carry local objectives had met with defeat.

Germany has lost heavily but the emperor still has reserves to throw into the fight. The defeat Monday on the Meteren-Voorzele line southwest of Ypres has taught the Germans that the Allies are prepared to stand their ground and there seems little inclination at the present moment to renew a conflict which threatens to be disastrous.

The report that Czech soldiers, deserting from the Austrian army, are now fighting with the Italians, has been followed by a dispatch saying that Rumanians who had been captured by the Italians have asked permission to fight against the Austrians and that they now are on the firing line.

The British forces in Palestine have recaptured Es-Salt, a village from which they retired three weeks ago under pressure from a superior force of Turks and Germans.

A Berlin report says that the fortress of Sebastopol has been occupied by Germans. This was expected after the capture of Simferopol last week. Ukrainian peasant deputies are reported to have overthrown the government.

The new regime has announced that it will carry out the provisions of the Brest-Litovsk treaty.

MAYSVILLE BOY

Writes Interesting Letter to His Parents From "Somewhere in France."

Richard T. Rayborn, son of Mr. C. T. Rayborn of East Sixth street, who is with Company H, Prov. Bn., Twelfth Eng. Ry., A. E. V., sends the following interesting letter. Dick is well known here and his many friends will read his safe arrival in France with a great deal of satisfaction: "Somewhere in France" March 13, '18.

Dear Dad:
Arrived safely. Had a fine time during the voyage across. Nothing exciting happened and of course if there should have, I could not tell you.

I certainly have seen some wonderful places and things. Wish I could tell you all about it, but can't, as it would be cut out.

I think we are going to leave this place in a few days.

About all the people I see, are women, old men and children. All the able bodied men are at the front.

I never saw so many women in mourning in all my life.

It has been raining for the last 24 hours, but now, and when we landed, I never saw any place look more beautiful.

I didn't have the least fear during the voyage, but was sure glad when we sighted land. That sure is some big pond. More water than I expected to see.

Would have written you much sooner, but of course you know it took some time to get settled and besides things here are not exactly as they are in the states.

This money is quite different from ours, but I am getting so I can handle it all right. Can also speak a

little French but very little at that. I think I will be able to speak quite a bit in a few months. It don't seem so hard.

You remember Ernest Cook, who lived at Portsmouth, when we did, don't you? Well I met a fellow yesterday who lived next door to him at Springfield, Ohio. He said he had been married for some time.

Well Dad I don't know much more to write, so will close.

Your son,

RICHARD.

MASON CIRCUIT COURT

In the Circuit Court yesterday, the case of the Metropolitan Insurance Company vs. Stephen Humphries, which was appealed from the Mason Quarterly Court was dismissed by Judge C. D. Newell for want of jurisdiction.

The formal conviction of two auto thieves and one man for perjury to one term in the penitentiary at Frankfort will be made in the Circuit Court today. This will be the last session of the Court for this term, the petit jury having been dismissed and final arrangements will be made today for the adjournment.

Miss Zorayda Cochran is visiting relatives in Danville.

WANT NO LIMIT SET ON NUMBER OF MEN CALLED

Washington, May 2—Blanket authority for the President to increase the army to whatever size may be necessary to win the war was proposed to the House Military committee, in executive session today by Secretary Baker, Major General March, acting chief of staff, and Provost Marshal General Crowder. An Administration measure amending the selective draft act to provide for this grant of power will be prepared immediately and prompt action on it asked.

Secretary Baker told the committee it would be unwise to set any limit on the number of men who could be called to the colors and that the granting of complete discretionary authority to the President to increase the size of the army as rapidly as transportation and equipment facilities may warrant would have a great psychological effect on the enemy by showing how thoroughly the nation is throwing all its resources into the conflict.

Mr. Robert Stephens, Mrs. Mae Dunbar, and Mrs. Calla McKee have returned home being called here on account of the death of their mother, Mrs. T. F. Stephens.

The State National Bank.

The John Deere Corn Drill

This is a new and up to date drill with double disc openers. It is equipped with the Deer edge-selection drop and has new tip-over hopper, exactly like the New Deere Corn Planter. The seed plates are driven by a set of strong bevel gears and pinions.

There are three rows of teeth on the drive wheel, giving three drilling distances for each seed plate. The drive wheel is built with an improved form of traction lug, lugs being extended on each side of rim of wheel, so as to secure a good grip on the ground and at the same time be self-cleaning.

Disc openers are shaped with a double curve so as to offer the least resistance in opening a furrow. They are provided with ample bearings, which are readily oiled.

Polished steel counter covers are used. These are provided with a number of holes to secure the desired slant to cover properly under varying conditions.

An adjustable gauge or pressure wheel with concave rim can be furnished on special order at additional price.

The seeding mechanism is thrown in and out of gear by means of a hand-tappet on right handle-grip.

MEERZ BROS.

THE DAILY PUBLIC LEDGER

Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas by the Ledger Publishing Co., Maysville, Kentucky.

EDITOR AND MANAGER.....CLARENCE MATHEWS

Local and Long Distance Telephone No. 40. Office—Public Ledger Building. Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

THE EAGLE, NOT THE OSTRICH

Senator Overman expresses concern lest the American people be made "unhappy" by the truth. We do not say that his concern is open to the suspicion that it may be, not least the American people be made unhappy, but lest the administration be made unhappy. But if the American people are made unhappy by the truth, it is highly desirable that they should be made unhappy in time lest their unhappiness be increased a thousandfold when no censorship can conceal the mounting consequences of our failures.

As for the American people being discouraged we honor them too much to fear it. We agree with Senator Lodge, who declared his confidence that if the American people are given the truth and see the difficulties before them, "it will arouse the American spirit—not merely the spirit of generous patriotism with which they have come forward to give their sons and their brothers, their money and their time to the country, but the grim determination, the hard setting of the teeth which was shown on both sides during the civil war."

If this nation has not degenerated shamefully in a half century, it will not flinch because it is told unpalatable truths or confronted with dangerous facts. We know there are new as always the partisans of pussyfooting and the fool's paradise. But they do not represent the spirit of the American people. What is needed today is not a hapiness born of blindness, but a courageous will born of knowledge. The eagle not the ostrich, is the national emblem,—Chicago Tribune.

CALL OFF THE POLITICAL

For a fifth time the direction of the shipbuilding programme changes hands. This time it passes to the capable control of Charles M. Schwab, master steel maker, industrial leader, master ship-builder in his own right. It is to be hoped that Mr. Schwab will be given the undisputed freedom of action which his talents merit and which he will most certainly demand. It is high time that men like Schwab were taken into the public service, and it will be nothing short of criminal if he is to be hampered as his predecessors in the shipping board have been by the interference of small politicians who have been given places of power in that organization through their servility to the President. The selection of Mr. Schwab for this work will lead the country to hope that other men like him will be added to the nation's forces in other departments. It is too much to hope for this?

SEVEN MARINES, FIFTY-NINE OTHERS LOSE LIVES

An Atlantic Port, May 1—Sixty-six persons lost their lives when the steamer City of Athens, bound from New York for Savannah, was rammed and sunk by a French cruiser off the Delaware coast at one o'clock this morning. The missing include ten men and two women who were passengers, seven out of 24 United States marines who were on board, fourteen out of 20 French sailors and 33 members of the crew.

POPE TO ISSUE PEACE PLEA WITH OFFERS OF MEDIATION

The Hague, May 1—Pope Benedict intends to issue a new peace offer on Whitsunday (May 19), Cologne newspapers announce. The document it is said, will be of more pressing nature than formerly and will contain concrete offers of mediation by the Pope, with the possible co-operation of neutral sovereigns. Similar information of the Pope's intention, it is said, has reached Berlin, where it has been received sympathetically.

NINETEEN MEN ARE MISSING FROM NAVAL CRAFT, AS RESULT OF DISASTER, SAYS BRITISH ADMIRALTY

London, May 1—Six officers and thirteen men are missing as the result of the naval disasters reported tonight by the British Admiralty. The sloop Cowslip was torpedoed and sunk April 25 and five officers and one man are missing, and Torpedo Boat No. 90 foundered and from her one officer and twelve men are missing.

If Willard and Fulton must fight why not stipulate that the purse must be presented in the form of Liberty Bonds?

VINOL MAKES WEAK WOMEN STRONG

Positive—Convincing Proof We publish the formula of Vinol to prove convincingly that it has the power to create strength.

By Cod Liver and Beef Peptides, Iron and Manganese Peptides, Iron and Ammonium Citrate, Lime and Soda Glycophosphates, Casein.

Any woman who buys a bottle of Vinol for a week, run-down, nervous condition and finds after giving it a fair trial it did not help her, will have her money returned.

You see, there is no guess work about Vinol. Its formula proves there is nothing like it for all weak, run-down, overworked, nervous men and women and for feeble old people and delicate children. Try it once and be convinced.

John C. Peck Drug Co., Maysville, Ky., and at the best drug stores in every town and city in the country.

MORE THAN MONEY

Send the boys in the trenches and on their way to the trenches as many comforts and necessities as you can. It's splendid of you and our soldiers appreciate it and love you for it. But forget to give them bullets.

They're a wonderfully handy thing in war, these same bullets. They prevent Hun interference with a soldier's enjoyment of the aforesaid comforts, for one thing. For another, they mean the soldier's life and the life of our country—our lives who sit comfortably at home, if only enough of us would wake up and realize it instead of waiting to be shot up to appreciate that the Hun is at our door.

But, of course, the boys will get their bullets. Uncle Sam will take no chances on that, you may be sure. It is just a matter of the form in which you yourselves decide to finance it. Taxes that you never see again, although you do realize the blessings and benefits they bring you, or lending your money at a good rate of interest, it is all the same, so far as giving our soldiers bullets is concerned.

By a fine attitude of our democracy, we are allowed to lend, and by a fine loyalty, albeit a shrewd one, we have chosen to lend liberally, in buying each issue of Liberty Bonds. But make this one the best yet. Make it mean more to the men who are doing the fighting than a mere supply of bullets and bayonets, rations and reinforcements. This war is more than money, as life is more than money. This is a war for our lives. So put spirit into it, sacrifice into it, real love into it. Make it a whopper of oversubscription, for one thing, and every time you buy a Liberty bond, cheer.

Believe it or not each cheer will be heard in France. And in Germany.

Speaking of marksmanship, Mr. Dollar Bill is the finest little natural gun pointer in the service.

Now that some fifteen or twenty million of us have the bond buying habit let's hope we stick to it.

Even when they are in straitened circumstances some men are crooked.

GARDEN TOOLS NOT EXPENSIVE

A large or expensive assortment of tools is not necessary for a home vegetable garden.

A spade, hoe and rake are the only tools that are indispensable, say the garden specialists of the U. S. Department of Agriculture. A garden line can be improvised from pieces of twine, and two sharpened sticks will serve as stakes. A trowel can be fashioned from a piece of thin board or from a shingle, while a serviceable scratcher or sweeder can be made by driving three slender nails through the end of a piece of lath. Another kind of good weeder can be made from a piece of hoop iron bent into a loop and one edge sharpened.

A wheel hoe, or combination wheel hoe and seed drill, is a splendid tool, and there are a number of small hand tools that are useful in the garden, but these are not essential.

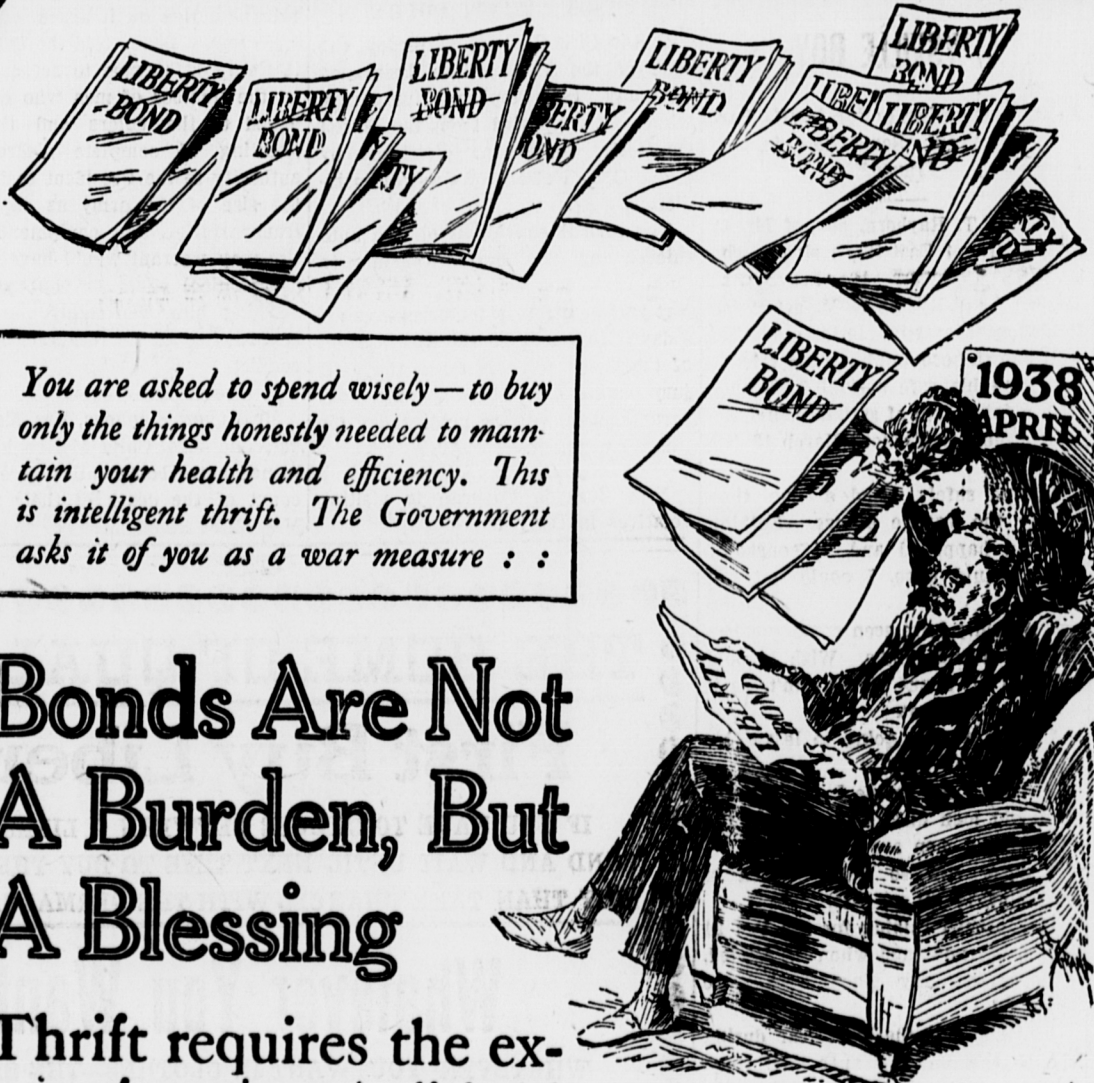

GOOD CAUSE FOR ALARM

These Figures Will Make Maysville People Take Notice.

Deaths from kidney disease have increased 72% in twenty years. People overdo nowadays in so many ways that the constant filtering of poisoned blood weakens the kidneys. Beware of fatal Bright's disease. When backache or urinary ills suggest weak kidneys, use Doan's Kidney Pills, live carefully, take things easy and avoid heavy eating. Doan's Kidney Pills command confidence, for no other kidney remedy is so widely used or so generally successful. Home endorsement is the best proof of merit. Read this Maysville resident's story:

Miss Dora Edgington, Wood St., says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chanslor's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 60c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

You are asked to spend wisely—to buy only the things honestly needed to maintain your health and efficiency. This is intelligent thrift. The Government asks it of you as a war measure :

Bonds Are Not A Burden, But A Blessing

Thrift requires the exercise of restraint and self-denial—qualities without which you cannot achieve the success in life which it is your ambition to achieve and for the lack of which you are likely to suffer in later years.

The money you acquire by thrift you are asked to loan—not give—to your country. It will come back to you when you may need it far more than you do now, and you will be paid interest for its use.

This war is a frightful thing, but it may prove of inestimable benefit to you, if it teaches you the good habit of thrift.

IN UTILIZING THIS ADVERTISEMENT TO TALK LIBERTY BONDS RATHER THAN OUR OWN BUSINESS, WE DO SO IN THE FIRM BELIEF THAT THERE WILL BE LITTLE OF EITHER PLEASURE OR PROFIT IN OUR BUSINESS OR ANY AMERICAN BUSINESS, UNLESS LIBERTY WINS THIS WAR.

A Beautiful Complexion For Only 29 Cents

"Keep on using expensive creams and washes, and nothing will do you any good," says Peterson. "Take a course of my business how you spend your money, but if you really want to get rid of pimples, facial blemishes of any kind or any skin disease, my honest advice is to get a thirty-cent box of Peterson's Ointment."

Men and women: If you want a complexion clean and clear, soft and velvety; one that will compel admiration of all the people you meet, start to use Peterson's Ointment to-night. Use it freely, rubbing well into the skin. Continue for a week or until every pimple, blackhead, eruption or rash is gone.

Don't fail to try it, for you can take my word for it, you'll be proud of your lovely skin and your friends will envy your bewitching complexion. Any fair minded druggist will back up what Peterson says because it is his duty to return your money without question if Peterson's Ointment doesn't make good.

THE GARABED NO GARDEN BED

I have no doubt that you have read of this invention Garabed, the marvelous new motor. It's said to marshal all the force which earth engenders in its course as planetary floaters.

We're told that this gigantic scheme will take the place of gas and steam and the electric current; that it will give resistless power and cause the whole wide earth to flower with force beyond deterrent. Our railroad trains and trolley cars will fit around like shooting stars and run by intuition. Our airplanes too will rule the blue and with a strength entirely new hurl tons of ammunition. A single airship fitted out with this great force will move about as its chauffeur determines; with force of 30,000 horse, relentless and without remorse, 'twill wreck the race of Germans. In other words the new found power will cause us all to thank the hour that gave us this invention, and when we speak of wondrous things the weird results this motor brings will be the first we'll mention. Yet I will say, between us two, no matter what the thing will do, it has its limitation. It will not take the place of food with which to feed your little brood, nor keep you from starvation. It may run train and ship and shop, but it won't let you skip nor stop providing for your table. If you believe that Garabed will grow the stuff on which you're fed you're victim of a fable. You've got to work and hustle round to get your food from out the ground, or else you will regret it; the Garabed won't take the place of Garden Bed to feed the race. Don't let yourself forget it. Write the National War Garden Commission, Washington, D. C., for its complete manual on home gardening. It's free for 2-cent stamp for postage.

Anyhow, we expect there will be sufficient sugar to insure an average crop of sweet girl graduates.

Those who work for the wages of sin try to postpone the date of reckoning.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then. . . it would last. . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

THE RIGHT RING

Has This Scott County School Superintendent's Letter of Resignation

Georgetown, Ky., May 1.—As an aftermath of the reinstatement of Walter V. Jackson, principal of the Sadieville High School who had been dismissed and his certificate revoked by Miss Mary Bradley, Scott county Superintendent of Schools, Miss Bradley and the three teachers of the Sadieville school—Misses Mary Tatum, Karadora Ford and Grace Lancaster—today resigned. Jackson had been dismissed because of alleged unpatrician utterances.

Miss Bradley tried Jackson on March 30 for making the following statements, in substance, in support of which Miss Lancaster and two pupils, the Misses Plummer, filed affidavits.

"I am opposed to this war. If the people who are running this Government had put as much sense as I have, we would not be in this war. It is just as much harm for a man on a battlefield to shoot another man in battle as it would be to shoot one on the street, also if we attended our own business and had not shipped foodstuffs to Belgium, we would not have been in this conflict."

Jackson is alleged to have made this reply to Miss Lancaster in the presence of pupils when she asked him why he had not let the boys sign the Boys' Working Reserve cards. Jackson was tried before the Scott county Council of National Defense, the County Exemption Board and the County Attorney. His certificate was revoked by Miss Brady and the action was approved by State Superintendent V. O. Gilbert. Through his attorneys Jackson then asked a rehearing on four grounds, one of which was that Miss Bradley had not given him a fair trial. A new hearing was granted April 12, which resulted in the certificate being revoked again. The State Superintendent again approved the action.

Jackson appealed to the Circuit Court, but Judge Stout held that the court had no jurisdiction. Supt. Gilbert yesterday reinstated Jackson who, he is reported to have said, was indiscreet, but not disloyal. He reissued his certificate on condition that he purchased at least one \$50 Liberty bond.

In her resignation to County Judge Robert Lancaster, Miss Bradley said: "Were conditions different I would gladly continue my work here. I cannot reconcile myself to the actions of one teacher in this county who, to that of the State Superintendent is upholding him in such conduct at this serious time in our country's present participation in the world war."

Miss Bradley was considered one of the ablest superintendents this county ever had. She had served for five years and was a teacher for ten years here and in London, Ky., before her election. She installed the graded school system in this county.

GARDEN CROPS WON'T THRIVE WITH WET FEET

Garden crops will not give good results unless the soil is kept cultivated by the specialists of the U. S. Department of Agriculture.

Cultivation is not intended primarily to kill weeds, although this is important, but to loosen the surface and let air into the soil so as to provide a more congenial environment for the roots of the plants. Plants in soil which is too wet turn yellow and if not relieved by proper cultivation and drainage, languish and die. Too much water in the soil dilutes the soil solution, impedes the formation of nitrate, destroys desirable soil organisms and permits the development of undesirable ones.

Soil which has been too wet, if allowed to dry and bake, offers an environment as uncongenial for plants as when too wet. Either extreme, therefore, should be guarded against. If the soil is naturally wet, provide surface or tile drains. If inclined to bake after rains, cultivate as soon as it is dry enough. As a rule, stirring the surface two inches will give better results than deep cultivation.

If the home garden is located near the kitchen door, the hoe and rake can conveniently bear so that odd moments can be spent in cultivating.

Probably the best way for the bridegroom to tell when the honeymoon is over is to notice when she begins coming to breakfast with her hair looking like her head is unraveling.

WHY EVERY OUNCE OF SUGAR MUST BE SAVED

If any man has failed to see the reason why he should cut his plentiful apportionment of two spoonfuls of sugar to the one of war time, he can find it in a recent publication of the United States Department of Agriculture explaining the world-wide shortage—especially the shortage among the Allies—in the supply of sweets.

Not only has the supply of sugar in some parts of the United States been short, but there has been a national shortage of more than 2,000,000 tons annually in the world since the war began, and the shortage is likely to continue, the publication says, primarily because of the destruction of a large number of sugar mills and the devastation of a considerable area of sugar-producing lands in Europe.

Prior to the war practically all the belligerent countries, with the exception of the United Kingdom and Italy, exported sugar, the total amount being upward of 3,000,000 tons. War, however, has changed the sugar-production map and at the same time has shifted the channels of trade. In 1918 it is estimated that the Allies must import a minimum of 1,200,000 tons of sugar.

Formerly the United Kingdom and France depended to a considerable extent upon Germany, Austria-Hungary, Belgium, and Russia for sugar. These sources were shut off by the war. The United Kingdom alone thus lost the source of more than half of her normal supply of sugar and has turned to new as well as other sources for her supply. The changes thus brought about have been largely a diversion of the product of Mauritius to the United Kingdom instead of to India, and an expansion of the imports of unrefined sugar from Cuba, the Philippines and Peru. For refined sugar she drew upon the United States and Java. However, the Allies can not turn to such exporting countries as Java and Mauritius without being forced to go a much longer distance and over a more perilous route than across the Atlantic. If the Allies are compelled to go to these countries it will require an extra amount of shipping which is needed for transportation of American soldiers and supplies to France and England.

Russia's exports practically ceased in 1914, and she is now reported as somewhat short of sugar. Italy's crop decreased last year and her imports have increased largely since the war began. Italy's normal consumption, however, is small and her deficit is not serious.

THE CALL OF THE TRIBE

In time of war we go back largely to elements. War is brute force guided by intellect and but little ameliorated by human sympathy. The soldier who halts his sword in mid-air for even an instant, goes down before his antagonist who strikes first. This is true of a nation as of an individual fighting man. There are many things we dislike to do, but self preservation requires action, swift and sure. We must adopt many of the methods of primitive man. We must act upon many of the rules and impulses that govern the tribes of barbarians. Among other things, when the call of the tribe has been given, we must permit none to refuse to respond or shirk his duty. In the great American melting pot all lovers of popular government have been merged into a tribe—a commingling of the Sioux, Apache, Comanche, in other words, Slavs, Teutons, Saxons, Latins—a tribe of Americans. The call has gone out to the tribe and any member of the tribe who fails to respond with his person, his services, his talents and his money must be dealt with largely according to the primitive methods of the tribe. We shall not scarp the slacker, literally, with a knife, but do it none the less effectively by more refined modern methods. Ostracism, business and social, may be found to be the punishment of the man who heeds not the call of the tribe.

FRENCH SUBMARINE SINKS

The French submarine *Prairial* has been sunk as the result of a collision with a merchant ship, it was announced today.

Part of the crew of the submarine was saved.

The *Prairial* was built at Cherbourg ten years ago. She was 167 feet long and displaced 400 tons. Her complement ordinarily was 24 men.

TRYING TO PUT UNCLE SAM BEHIND THE COUNTER

Washington, May 1.—Through the persistent efforts of Representatives Martin B. Madden, of Illinois, J. W. Langley, of Kentucky, John M. Rose, of Ohio, and Loren E. Wheeler and Joseph G. Cannon of Illinois, the House recently defeated a new and dangerous socialistic proposal. The measure under consideration was of Democratic origin and proposed that all government officers and employees in the District of Columbia be permitted to purchase supplies at cost from the commissary department of the Army or Navy. It was also proposed that the measure apply to all government employees anywhere in the United States. This, when once established, would never have been repealed, but would have been extended until the government became the retail storekeeper for the entire country.

Madden of Illinois started the fight on this provision. He said, among other things, "There is not one thousandth part as much reason or justice in permitting the employees of the Government to purchase their food and other supplies from the quartermaster stores of the Army as there would be to permit the men who dig the sewers and pave the streets and do the common labor of the United States, to do that. These are the men who furnish the facilities, the transportation, everything that goes to make up the prosperity and preserve the health of every community in the land, and they toil for not to exceed one-half of the compensation that the Government employees receive. Why make the Government employees a preferred class? There ought not to be any law passed giving to any preferred class rights that do not go to every class in the country. We should in no instance pamper the civil employees of the Government and discriminate against every man, woman, and child in the United States who happens by some unfortunate chance not to be on the Government pay roll."

Representative Langley of Kentucky followed with a statement that he believed Government employees should be paid adequate salaries, which the House had already voted. He also recalled the fact that Congress has appropriated \$10,000,000 for construction of houses for Government employees in Washington, and then said, "I think that is enough. This proposition is to go still further and give them food at cut rates. That would, of course, increase the expenses of the Government, and I am opposed to any such socialistic proposition."

Representative Rose of Pennsylvania, pointed out particularly the objectionable feature of the measure which would permit members of Congress to purchase supplies at cut rates. He thought this even more objectionable than the clause of the revenue measure which may interpreted to exempt members of Congress from payment of the excess profits tax on their salaries. Representatives Longworth of Ohio, and Wheeler of Illinois spoke against the bill, showing that it was not favored by the War Department and that it would give the commissary department more work than it could do. Uncle Joe Cannon closed the debate, in which, it should be remarked, all the advocates of an enlarged government commissary were Democrats and all the opponents Republicans. Mr. Cannon alluded to the large appropriations necessarily made for war purposes, and to the large powers extended to the Food Administration, and asked, regarding the new proposal, "Do you think that it is well for us to go a little slower? Let us do the necessary things to win this war, and let these employees, who will never smell gunpowder and who are having their salaries increased, buy their supplies at others do. Let us keep away from socialism in time of war."

By Republican votes the measure was defeated.

MEETING RAIDED

Detroit, Mich., May 1.—Twelve hundred men and women the majority of whom are said to be members of the I. W. W., were taken in a raid conducted by the Federal authorities here late this afternoon. The raid was conducted during a meeting held in a hall.

The raid is one of a series conducted here recently by Federal officials in persons suspected of pro-German sympathies.

THE above is one of the stirring posters being used which was used by the French in their Third Loan campaign. The French artists have put their whole selves into their work on the posters just as the French poilus are putting their whole selves into the fighting in the trenches. Translated, the poster above reads "3rd issue of the national loan. Lyons bank. Subscribe!"

Secretary of War's Wife Says Kaiser Watches Us

By Mrs. Newton D. Baker.

AMERICA'S purchase of Liberty Bonds will be her answer to the German propagandists in this country. It has been said many times, I know, but it cannot be too often nor too emphatically repeated that the actual need of the dollars by the government is no more important than the psychological effect of the success of the loan. I know because I have heard directly just how those boys of ours over there feel when our loan goes over. I know just how they are watching this one.

And I know, too, because I have heard with almost equal directness, just how Germany feels and how she is watching this particular loan.

The most important thing for women to remember is that there is no other work that can be called important until this war is won. When a woman tells you that she is too busy with other work to take hold of this loan, ask her if her other work is helping to win the war. If it isn't, it must go, until that day when we can write "Victory!" at the end of this chapter of history.

\$498,350 IS THURSDAY'S LIBERTY LOAN TOTAL

It is very evident from the showing made Thursday in the sale of Liberty Bonds that Mason county will go far beyond the amount asked for by the United States Government. At the beginning of the campaign many were of the opinion that much trouble would be had in reaching our quota of \$443,400 owing to the fact that Mason county had subscribed so liberally to all the war funds up to the time the third Liberty Loan campaign was started. In yesterday's sale the number of subscribers was increased by 44, making the number to date 1104, and the amount of bonds by \$31,300, bringing this total to \$498,350. We are going to \$600,000.

FORMER MAYSVILLE BOY RECEIVES PROMOTION

Friends of Major Gilbert Wilkes in this city have received word of his promotion to Lieutenant Colonel in the regular army by the War Department. Lieutenant Colonel Wilkes will be remembered by many in this city and county, having attended school and spent many of his boyhood days here and married a Maysville girl, Miss Lucy Waller.

Friends were also notified of the promotion of his brother, Frank Wilkes to the rank of Captain in the regular army.

The Sunday School Army is fighting to make the war safe for Christianity. The appeal is made to every Kentuckian to join this army May 5 and become a valiant soldier marching under the banner, stained by the blood of our Great Commander.

There was a large number of friends and relatives of the young men who entrained yesterday afternoon for Ft. Thomas, at the C. & O. station to bid them a farewell.

Dr. Roy Giehl is practicing in Mr. Holton Key's former office rooms while his office rooms are being papered and painted.

Miss Rosine Dickman has resigned her position as teacher in the Maysville High School and has accepted a place at Cape Girardeau, Mo.

Mr. and Mrs. Henry Held of Newport, have arrived to spend the summer with Mrs. Held's mother, Mrs. C. H. Nicholson, of Limestone street.

CENSUS OF CHILDREN

All Children in U. S. Under Five to Be Weighed and Measured — First Step in Life Saving Campaign Under Direction of Federal Children's Bureau Acting Through Council of Defense.

The first step to be taken in the years program of Health and Child Welfare Work directed by the Federal Children's Bureau in its efforts to conserve the children of our nation in war time is the counting, weighing and measuring of all children in the United States under five years of age. Registration cards will be kept in two places, in the child's home and the United States Children's Bureau at Washington. Registration will be done under direction from the Children's Bureau acting through Women's Committees of Council of Defense, in co-operation with County and City Health Officers and Board, visiting nurses and public health organizations. The volunteer assistance of physicians in this survey of the children of the city and county will be deeply appreciated. The week of May 13 is the period set apart for this work in Maysville and Mason county.

Registration will be made by a house to house canvass of committees and volunteer workers. Three objects are to be attained by this:

1. To reduce our infant mortality rate which is higher than many countries. It is estimated that 300,000 infants and very young children die annually from preventable causes. An effort is to be made to reduce this at least 100,000 by April 6, 1919.

2. To discover and correct the defects which the draft revealed and which could readily have been corrected in childhood.

3. To conserve and protect children during the changed conditions and shocks and emergencies of war and to prevent them from being blighted as has the childhood of most of the other nations at war.

In every country engaged in the war and especially England, France and Belgium work for the protection of infancy and maternity has been greatly increased since the war began. With the result that England had the lowest infant mortality rate during second year of the war of any year on record.

That is the object we must strive to attain in this country if we would not have our nation weakened and depleted by "burning the candle at both ends."

To quote from an eminent authority on Infant Welfare Work in war time.

"The question of the increased need for the protection of mothers and babies in war time is at present looked upon by many people in this country as an academic one; among the host of more dramatic appeals put forth, each one of which is claimed to be the most important in the present crisis, this question is lost sight of. You know perhaps the story of a meeting of women called in a large city to consider war work for women. It was addressed by the Director of the Division of Child Hygiene of the City Department of Health who spoke of the greater necessity for infant welfare work in war time. His speech was greeted by perfunctory applause; immediately women began popping up all over the audience saying, 'Madam President; Madam President: "Was this meeting called to discuss the feeding of children or preparations for war?" "I want to nurse wounded soldiers." But what are we going to for our country?"

This is an extremely natural tendency, but it is a dangerous one. If the experience of foreign countries is to teach us anything it should teach us that it would be wise to realize the importance of protecting the

HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sick and pale, and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the paper about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FINORE, 516 Marcy Ave., Brooklyn, N. Y.

For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

children even though an extremity of need does not at present force this realization; that early in the war is the time to preserve the integrity of our work for infant and maternal welfare, before that work is disorganized by the loss of physicians and nurses. As the war goes on doubtless many special problems will arise; if the already established work is disorganized these problems cannot be met.

To accomplish this three fold object of Child Welfare Work in war time it is necessary to have a Permanent Committee in each precinct composed of the most reliable and efficient persons of both sexes, who can be secured and depended on for this work. There should be from three to five women and at least two men, more or less at the discretion of chairman.

The announcement of the following names of ladies who have accepted the chairmanship in each precinct is sufficient guarantee of the efficient and faithful performance of that trust: Mrs. James Finch, East Mayslick; Mrs. Shelby Blatterman, West Mayslick; Mrs. Walter Worthington, Minerva; Mrs. Dan Lloyd, Germantown; Mrs. Gordon Asbury, Fernleaf; Mrs. Charles Owens, Lewisburg; Mrs. Will Kachler, Helena; Mrs. J. Elgin Anderson, Dover; Mrs. Jennie Ziegler, Orangeburg; Mrs. Elmer Downing, Washington; Mrs. Scott Stevenson, Murphysville; Mrs. Arthur Glascock, Hilltop; Miss Ella Wallace, Pluggtown; Mrs. J. C. Burwell, Dieterich; Mrs. R. K. Chambers, Sardis.

Maysville — Mrs. John M. Hunt, First Ward; Mrs. M. A. Farnsworth, Second Ward; Mrs. Edwin Matthews, Third Ward; Mrs. DeWitt C. Franklin, Fourth Ward; Mrs. Clarence Matthews, Fifth Ward; Mrs. Louis Merz, Sixth Ward.

All city and county chairmen are requested to meet at the First Presbyterian Church Saturday afternoon at 1:30 o'clock.

MRS. E. L. WORTHINGTON, Chairman Health and Child Welfare Committee of Council of Defense.

MRS. LOUIS LEHMAN

Mrs. Louis Lehman died this morning at 2:20 o'clock at her home on West Third street after a few days' illness of a complication of diseases. The deceased was a faithful member of St. Patrick's Church, a devoted mother, a loving wife and a kind neighbor.

She is survived by her husband and daughter, Mrs. John King of this city, four brothers, Messrs. Joseph, Frank, Peter and Henry Gable, two sisters, Mrs. Frank Harting and Mrs. Charles Bland, also two step-daughters, Mrs. Martin Nordlohn and Miss Anna Lehman of St. Louis, Mo., and two stepsons, Mr. William and Jacob Lehman of Cincinnati.

Funeral services will be announced in tomorrow's Ledger.

Mrs. Edward Duley returned home Tuesday evening from Covington, accompanied by Mr. and Mrs. Jack Snyder, who left yesterday afternoon for Pittsburgh, where they will make their future home.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, it is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

The Maples For Sale

Mr. R. K. Hoeflich, on account of his daughter's health, is moving to Edgemont, and has placed his beautiful East End home, "The Maples," in my hands for sale.

House has 11 rooms, with bath and all modern conveniences; large Colonial porch; 1 1/2 acres of ground, beautiful lawn, and splendid garden; Stable, Garage and other outbuildings.

There is comfort and rest in the very design of The Maples, and I do not hesitate in recommending this property to you as a typical American home, and it must be seen to be appreciated.

If interested call and I will be glad to show you the property.
